Townships attempt to force provincial action over massive sewer system's deficit

A lawyer's recommendation that the municipality of Anson, Hindon and Minden withhold a portion of the fees charged by the provincial government for the Minden sewage system received strong support at a public meeting held Tuesday, February 11.

The suggestion to withhold funds was made by Claude Thompson of the law firm, Campbell, Godfrey and Lewtas of Toronto. The firm was hired by the municipality in 1985 to follow up on a report, prepared by Woods Gordon, management consultants, which provided an in-depth analysis of the sewage collection and treatment system.

More than 30 residents of Minden attended the meeting along with members of council and the public utilities committee.

The municipality's problems began, Thompson said, when the system, planned by the Ministry of the Environment, cost approximately four million dollars to complete, nearly two million dollars more than the original estimate.

The greater part of the construction costs were shared by all Ontario taxpayers, but "The rest has become a burden to the users of the system," he commented.

"The reasons for the cost overruns are obscure, both to me and Woods Gordon," Thompson said, noting there have been difficulties in obtaining information from the provincial government that would explain the reasons the project cost nearly double the original estimate.

The system has a much greater capacity than is needed at present, "Apparently because the government's projections were much higher than actual population growth," he suggested.

Thompson explained the consulting firm that made the projections, predicted Minden's population would double between 1970 and 1986. "Apparently, based on these projections, the government arranged deficit financing." The initial annual fees to the

municipality were not sufficient to cover debt charges and operating costs, but it was expected that as the number of users increased, the annual payments to the ministry would reduce the deficit and would be divided among more people. "However, as

best as I can tell, no one told council the system was being put on that basis," Thompson said.

The Woods Gordon study notes it was not until 1983 that council was aware of the deficit financing initiated by the ministry. Thompson pointed out the

council in power when the system was first proposed, rejected the ministry's system because the cost would be \$200 per year for every resident on the system. "The present burden to the users is approximately \$300 a year. The deficit is about \$300,000 and the munici-

pality must pay interest on this amount. This deficit and the interest charges are an unfair burden and the possibility exists that costs and deficits will continue to increase," he commented.

Thompson emphasised, "Control with respect to all matters lay with the

government. They decided on the plant and the financing and had control of costs to the extent those costs could be controlled." He also pointed out the Ontario Municipal Board approved the construction of the system based on government estimates which stated the total costs would be around two million dollars.

The Woods Gordon report states, "In 1973, the Ministry of the Environment estimated capital costs of the project at \$1,972,131 which, after grants, would require a normal residential charge of \$132.89. This cost was based on tenders being called in 1975. When the actual tenders were called in 1976, one would have anticipated a cost of about \$2,200,000 due to inflation. The above costs and the user rate were approved by the Ontario Municipal Board in 1974. Contracts were let in 1976. The Townships were notified of contracts totalling \$2,216,899, however, actual project costs were \$4,154,040. We have not been able to establish reasons for this excess cost of nearly \$2,000,000."

Thompson described the problems faced by the municipality as "Not strictly a legal problem, it is also a political problem which because it is caused by government, should be shared by the province."

In suggesting solutions Thompson rejected the idea of an appeal to the provincial cabinet, suggesting it would not be favourably received. He suggested the municipality pay no more than the costs originally approved by the OMB and that funds paid to cover operating costs should be no more than those considered "Appropriate for a municipality of this size."

The portion of user fees above the figure originally agreed on should be placed in an account and held in trust by the municipality until the issue is resolved, he said. Thompson offered no guarantees the financing of the system can be renegotiated, but stressed the

It took only 24.23 seconds for Grant Clements, left, and Buck Cowen to saw through this log at the Lumberjack Contest held Saturday in Haliburton during their winter carnival. However, Ken McKnight, centre, who celebrated his 72nd birthday the following day, and his brother Ross, won the cross-cut competition with a time of 24.18 seconds. Buck Cowen gained the highest number of points in the five individual events to win the G.W.Martin Lumber trophy. For more pictures and story, please turn to page 6.

1983 study indicates little harm from Hall's Lake development

A study released by the Ministry of the Environment (MOE) shows that the development of existing vacant lots on Hall's Lake would not have a significant impact on several aspects of water quality or the lake trout habitat.

However, as pointed out in a letter to Stanhope Township Council from the Minister of the Environment Jim Bradley, the study "does not address specific water quality implications or other environmental effects of the seasonal trailer park development proposed because this Ministry

has not received any detailed information pertaining to this proposal."

The study was made available in response to requests by council and residents of Hall's Lake.

During the summer of 1985, members of the Concerned Cottagers of Hall's Lake objected to a one hundred site trailer park proposed by Dr. Thomas Offen for the north shore of the lake. In response to the group's concerns regarding the possible environmental impact of the park, council imposed an interim control bylaw placing a freeze on the

development with the stipulation the bylaw would be rescinded once the results of a water quality study were known. Council also restricted the park to 65 trailer sites under the comprehensive zoning bylaw.

To ensure an unbiased report, council approached the MOE but were told initially the ministry does not carry out impact studies for individual developers.

Following a second letter from the township stressing the importance of the study, the ministry released a study carried out in the summer of

1983.

Data collected in the study, which was part of a survey program of trout lakes in Muskoka and Haliburton, were assessed with regard to the overall water quality of the lake, the available lake trout habitat and the sensitivity of the lake to additional nutrient loading.

Tests conducted by ministry personnel showed chlorophyll concentrations were low, indicating low densities of suspended algae. Tests on phosphorus

Residents petition objects to location of ATV track

In response to complaints over the races held at the ATV track in Minden, Reeve Sinc Nesbitt has offered assurances that the municipality will assist the sponsors of the races in finding an alternate location.

The reeve was reacting to concerns expressed by a delegation of residents who live near the track. The group presented a petition to Anson, Hindon and Minden council at the meeting on Tuesday, February 11.

The petition signed by 58 residents of North Water Street, protested against the races because high noise levels, dust erosion on the track and the unsightly appearance of the site. The petition pointed out, because noise levels are so high, the residents are unable to sit in their backyards and carry on conversations. It was also noted, the races are held on the long weekends during the summer when many of the residents are entertaining out of town visitors. At the same time, the petition states, all doors and windows in the homes along North Water Street must be closed because of the dust that drifts through the area. The petition states, "In all fairness, there is no problem with winter races because doors and windows are closed." Photographs of the area and a tape recording of an August 4, 1984 race were also given to council.

In presenting the petition, Gerry Durant explained residents are upset because of the "screaming machines

and the noise of the public address system."

"There is plenty of farmland around Minden to have a track," he said.

Several members of the delegation argued the races were inappropriate for an area that is zoned as parkland and expressed concerns that they were not notified when the track was built.

Ross Lindsay, president of the Haliburton County Snowmobile Association, (HCSA), the organization that built the track and sponsors the races, told the delegation he understood their concerns. "We have been looking for an alternate track. We have one proposed site and another possible location," he said.

During the past year the association has considered a number of alternate sites but

have encountered problems regarding zoning, access or parking with most of the sites under consideration. The HCSA invested a lot of time and money in the track, Lindsay commented and emphasised the importance of the races as a means of raising funds to offset the cost of maintaining the HCSA trails in the county.

Noting the association raised \$3,500 through the races last summer, Lindsay said the HCSA would be willing to cancel the races to be held in 1986 if council would make up the loss to the association.

Reeve Sinc Nesbitt reiterated previous commitments to assist the HCSA in relocating the track. He pointed out council has been working with HCSA members in locating another site and expressed the hope a

suitable location can be found before the summer. At present the snowcover makes site inspections difficult, he said.

While he agreed that residents of North Water Street should not have to leave their homes because of noise and dust, he also drew attention to the work the HCSA had carried out on the track and the importance of the races to the snowmobile club.

The meeting may not have resulted in concrete answers for the residents present, but it did provide an opportunity for them to discuss the issue with members of the HCSA.

Following the presentation of the petition to council the two groups held an informal discussion in the adjoining chambers.

Stanhope seeks help with bridge bills

Stanhope Township Council has approved applications for subsidies to cover half the costs of carrying out repairs to the St. Peter's bridge and completing a project on the Buckslide bridge.

Council approved the applications to the Ministry of Transportation and Communications (MTC) at their regular meeting February 12 after reviewing a study carried out by the consulting firm of Totten, Sims Hubicki on the St.

Peter's Bridge.

The report, based on an investigation carried out in the fall of 1985, estimates work done to rehabilitate the piers and abutments, modify expansion joints and other aspects of the project including work on the approaches will cost an estimated \$35,000.

These 'stopgap' improvements will ensure the structural integrity of the bridge for a period of three to five years.

A complete renovation of the bridge will cost an estimated \$145,000 based on 1985 construction costs according to the report and will extend the life of the bridge 15-20 years.

Reeve Harry Davis ruled out the possibility of replacing the bridge due to the high cost (estimated at \$5,500,000) and the probability that the bridge

would have to be built at a different location. Council decided to carry out the first phase of the project with the understanding that the final phase be considered within the next 3-5 years.

Council also approved an application for a supplementary subsidy to complete the Buckslide Bridge project which was begun in September.

To date, the structure has been widened to accommodate two lanes of traffic. Further work is required to surface the bridge, install guardrails and carry out work to the approaches. The total estimated cost is \$30,000.

If the MTC approves the requests for the subsidies, the ministry will cover half of the \$75,000 total and the municipality will be responsible for the remaining costs.

Sewer system

(from page 1)

importance of "negotiating on a position of strength."

He noted that while the provincial government could decide to sue the municipality, "It could also recognise your position and deal in a just and fair way with your legitimate concerns." Thompson pointed out both Woods Gordon and the past council have attempted to negotiate a better deal without any results.

When asked if he thought it possible the government would withhold other monies to the township, such as MTC subsidies and welfare payments in response, Thompson replied, "Do you think they would dare do that?" When asked what objections were made when the project cost 2 million dollars above the original estimate, he said he was not aware of anyone in the municipality being aware of the cost overruns, adding there was no evidence council ever

approved the costs.

In his concluding remarks, Thompson emphasised he had received complete co-operation from all past and present councils during his investigation, but noted, "I admit we don't have the government's side to this. It hasn't felt it was necessary to take the problem seriously."

He also reminded the meeting, "You are not the only municipality that has

high sewer costs."

Reeve Sinc Nesbitt told the audience that the 15% increase in user rates that took place in December, did not reduce the current deficit of \$300,000. He noted this deficit could increase to over \$400,000 by next year and as the deficit grows, the interest also increases.

Nesbitt said council would probably proceed on the recommendations made by Thompson. He asked for support from the community and promised to keep people informed of developments.

Hall's Lake study

(from page 1)

concentration in the upper and lower level of the lake indicate "Halls Lake would be considered unenriched with low concentrations of nutrients."

Further tests indicated a large proportion (75%) of the total phosphorus supply originated from watersheds and precipitation while the remaining 25% comes from cottages, homes and resorts.

Phosphorus, which is usually in scarce supply in the natural waters of the Precambrian Shield Lake, is an important nutrient in stimulating the growth of weeds and algae. While moderate amounts of plants and algae are necessary to maintain a balanced aquatic environment, excess growth causes an imbalance and can lead to the destruction of fish species.

Human and livestock waste is a significant source of phosphorus.

Ministry personnel also included a prediction of the effects of further development on the lake.

Using a formula developed by the ministry for the south eastern region of Ontario, the results showed

that if the remaining registered vacant lots (25 waterfront, 48 backlot) are developed, there would be a 2% loss in optimal lake trout habitat and that the lake would be relatively unaffected by the increase in phosphorus supply.

The report notes that while the lake was highly developed with 158 cottages, 41 permanent residences and 33 resort units (as of 1983) the lake has a relatively high flushing rate and therefore has a low degree of sensitivity to change in the phosphorus supply.

Perhaps recognising the study will not satisfy all concerns, the Minister suggests an independent

impact assessment be initiated to "Examine the specific implications of the proposed trailer park development." He suggests, "A study team composed of representatives of all concerned parties could be formed locally to manage an independent consultant hired for the study. In this way, the developer could provide the funding for the study, but the study itself could be directed by the local study team." The Minister pointed out that this approach has been successfully used in other municipalities.

Copies of the report and letter will be sent to Dr. Offen and representatives of The Concerned Cottagers of Hall's Lake.

editorial

Is anyone listening?

The long drawn out effort to finally get a handle on the deficit surrounding the Minden sewer system took another important step forward last week. At a meeting February 10, residents were informed of the sequence of events which has left this community with a \$300,000 (soon to grow to \$400,000) debt owing to the provincial Ministry of Environment. They also learned that council will withhold what it considers excess payments to the ministry until the municipality receives, what the local politicians feel, is a fair hearing and resolution of the problem.

The deficit has grown out of control for a number of reasons. Firstly, provincial government projections for the expansion of this community and, as a consequence the additional users, were extremely out of line. The bureaucrats postulated that the number of users, hence the number of individuals helping to pay for the system, would be almost double in a period of 16 years. We would be pleased to report this as a reality, but as anyone is aware, such is not the case.

The growth in the debt was spurred into high gear initially by the doubling of the cost of the project. Where did these excess costs come from, one has to wonder and why was the local council not made aware of both their existence and consequences for the future? (It is for certain the extra costs did not go to ensure the installation of the system would not result in a roadbed problems in the future.)

The deficit blossomed in the years following the construction of the system. Subsequent councils were either in the dark as to what was happening with the interest payments associated with the system or found the legacy a twisted maze too deep to penetrate. In either case, the provincial authorities seemed content to allow the problem to grow, like Topsy, without informing the municipal authorities of the financial volcano lurking under their feet.

This seeming indifference on the part of the MOE has unfortunately been a standard feature of this entire episode. An unwillingness to respond to municipal inquiries, negotiate reasonable settlements or to take an active interest in the quagmire into which the municipality was slowly sinking, has only added to the confusion surrounding this mess.

The previous council was responsible for piecing together the gruesome tale. Attempts by those members to find a resolution to the problem met with little success. Fortunately, the present council has taken up the cause and appears ready to fight until a fair and equitable solution to the problem can be reached.

Holding back funds from the MOE it is hoped, will finally bring the matter to the attention of someone willing to deal with the situation. It is unfortunate that such action has to be taken, however, considering the lack of response in the past, it would appear that only drastic measures will finally bring this matter to a head. We endorse their efforts and wish them success.

Winter fenceline.

Seniors programs enhanced outdoors

- by John Eakins, MPP -

Two announcements by my colleagues in cabinet will continue the Government's commitment to provide positive community-based programs in seniors in Ontario. Agencies which support seniors in the community will receive increased funding as promised in the Budget of Treasurer Robert Nixon.

Together with the Minister of Community and Social Services, Minister Without Portfolio for Senior Citizens Affairs, Ron Van Horne explained to the Legislature how the \$11 million budgeted for seniors will be used. As he told members of the House, "Those of us who have special responsibility for seniors are informed by them that this is what they want: they want to remain at home." Mr. Van Horne

pointed out that this money will be an annual budget item designed especially for senior's programs.

Funding will proceed immediately on:

- extension of community support services such as meals on wheels, friendly visiting and necessary transport;

- fifty elderly person centres to be established across Ontario to encourage seniors in the community to participate in social activities;

- increased funding for Senior Volunteers in Service to increase the stipend volunteers receive, for out-of-pocket expenses, from \$60 to \$100;

- \$60,000 to set up new Seniors Talent Banks to utilize the skills possessed by Seniors gained from a lifetime of experience;

- funds for seniors and disabled adults especially for those people who live in remote areas of the province.

Beginning in the spring, the second stage will include:

- one million dollars for Alzheimers Disease patients to provide daycare, inhome relief for their families and counselling in co-operation with local Alzheimers societies;

- \$3.1 million to expand support services, with special attention being paid to groups in need, including

native people and franco-phones and to offer respite assistance to families caring for their elderly.

In a second announcement, Community and Social Services Minister, John Sweeney, stated his ministry will provide \$60 million to put in place a new Integrated Homemaker Program.

This program, designed with the assistance of the Ministry of Health, will help frail seniors and physically

disabled adults. Services under this program include help with personal grooming, meal preparation, laundry, shopping and light housekeeping duties. As soon as possible, integrated homemaker programs will be established in the Counties of Leeds, Grenville and Lanark, Thunder Bay, the District of Cochrane, Huron County, the District

of Parry Sound and Waterloo Region. As Mr. Sweeney said, this "opens up a new era of assistance for individuals in need, allowing them to retain their independence, close to their family and friends."

When Canadian songstress Anne Murray urged her little snowbird to "spread your tiny wings and fly away," she was undoubtedly not aware that the winter bird most of us call the snowbird is actually a snow bunting, a member of the same family as sparrows and finches. On a recent Saturday, I had the unusual opportunity to see these northern visitors up close, as part of the program to study the movements of snow buntings by leg banding and colour marking.

Of course, to band a bunting, first you have to catch it. That may seem an impossible task, for the huge winter flocks of snow buntings seem always on the move, lighting only briefly before swirling off to another field. Even on the ground, snow buntings seem seldom quiet, as the birds at the rear of a flock constantly rise and drop at the front, creating a wheeling motion like a whirlwind of dust. In the sky, the flocks shimmer and disappear as their white wings and bellies blend with the snow and then appear again as the black wing markings become visible.

But all this movement takes place within a few square miles while the birds are in Ontario for the winter and a regular route of repeated visits soon appears. A series of wire traps set on a regular feeding spot, liberally baited with corn and seeds, can yield a few or several dozen live birds at a time. Our trapping success was limited, with only nine birds after a long wait. Under the careful eye of a licensed bird bander, these nine were measured, their sex and age recorded and an

SECOND CLASS MAIL REGISTRATION NO. 0936

Commanding Officer Wayne Wood presents shoulder flashes to Sandy Sutherland in a ceremony marking his promotion to the rank of acting Regimental Sergeant Major, Monday evening at the Royal Canadian Legion in Haliburton. Sutherland was the first of a group of cadets in the Haliburton Army Cadet Corps who will be promoted to the ranks of Sergeant and Corporal within the next month.

Board considers expansion of French instruction

The possibility of beginning French instruction at the grade one level is being considered by the Haliburton County School Board. The board heard a report on the possible expansion of the course at its January meeting.

According to director of education, Stuart Baker, the provincial government has announced changing standards for the amount of instruction time needed by students wishing to obtain a graduating credit in French. The number of hours currently required for the credit is 840. Under the new standard, 1080 hours would

be needed.

Baker indicated that the board could accomplish this expansion of instruction time in a number of ways, however after a committee examined the possibilities, it was felt that starting French classes earlier in a student's school life would be the best alternative, educationally. He noted that increasing the number of hours devoted to French instruction at the high school level would be difficult, since students already have 16 mandatory subjects, and it was felt that this load was heavy enough.

He noted that French has been taught in the

elementary system, starting at the grade five level, for over ten years.

The director pointed out the new directive is intended to increase a student's exposure not only to the language skills, but to the culture associated with the language.

The number of high-school graduates who, in the past, have included French in their graduation portfolio, has not been high. However, he noted that increased emphasis on the country's second official language in business and particularly in the civil service should make the

future.

While reiterating that the board need not adopt the plan this September, Baker said that the cost estimates for the suggested program have been drafted. He said the cost of implementing the expanded French program is estimated at \$99,000. Since the board is in the midst of preparing the 1986 budget, and since the board is unaware of the provincial grant support available in this area, he was unable to say what the cost to the local taxpayer for this program would be. He said he expected the provincial grant would not cover all of the program.

Delivering on election promises

- by Bill Scott, MP -

The Progressive Conservative government is delivering on its promise of jobs for Canadians.

Total employment rose by 129,000 in January, the largest monthly increase ever recorded. 580,000 jobs have been created since September 1984. Total unemployment has fallen by 203,000 since the election. The national unemployment rate is now 9.8%, compared to 11.7% on election day. This is the first time since April 1982 that the unemployment rate has been below ten percent.

The youth employment rate has fallen from 18.4% to 15.9%, a decline of two and a half percentage points. Youth employment has increased by 73,000 since September 1984 compared to a net loss of 285,000 between the 1980 and 1984 elections.

Jobs are being created faster in Canada than in any other major OECD (Organization for Economic Co-operation and Development) nation. Since the election, jobs have been created at an average monthly rate of 36,250. This is five times faster than the 4.345 monthly average of the last Liberal government. During its first 16 months in office, the PC government created 76,000 more jobs than the previous Liberal government created in four and a half years.

The unemployment rate is lower today in every province of Canada than it

was in September of 1984. More jobs have been created in 16 months in Atlantic Canada than were created in total between the 1980 and 1984 elections.

In Quebec, jobs are being created at an average monthly rate of 9,750 per month, compared to the last Liberal government's average monthly rate of 745. 239,000 jobs have been created in Ontario since September 1984. 90,000 jobs have been created in the Prairie provinces since September 1984. In British Columbia, 51,000 jobs have been created since September 1984, two times as many as the last Liberal government created.

The Progressive Conservative government has a solid job creation record. The Conference Board is

predicting the creation of 395,000 jobs in 1986. Measures to reduce the deficit will reduce interest rates and will free up capital for productive private sector investment in new factories and homes. Moreover, the new \$4 billion Canadian Jobs Strategy will emphasize training for the new jobs our growing economy is producing and will benefit an estimated 400,000

people. The new strategy will help the long-term unemployed, women and young people entering the work force for the first time or after a long absence and those who are employed but whose jobs are threatened.

Investing in the future

-by Gary Kenney-

Our Board of Education is reviewing a committee recommendation to invest close to \$200,000 for increased computer use in the county's schools. That's a daring consideration. I have heard some use the word suicidal.

We already struggle with an annual education budget that is nudging two thirds of all tax dollars collected. Busing costs have doubled in five years. County Council is desperately trying to negotiate a fairer grant formula from the southern powers. Board administrators are touring the Highlands with a road show aimed to calm the fears of any group that will listen. And now, some committee has the nerve to suggest we spend an extra two hundred big ones on computers?

With taxpayers leering at every move, I don't envy the Board members one bit. All the less because the committee is right. Oh, no doubt the cost can be reworked a bit and the actual spending phased in across several budgets, but their underlying message goes further than those first dollars. It signals a need to make a major commitment in administration and curricula toward wiring our children into a quickly changing future.

A few weeks ago, in London, England, a newspaper magnate by the name of Rupert Murdoch relocated his four newspapers to a single building that houses the latest in electronic wizardry. Overnight, he fired more than 5,000 employees and replaced them with 400. It is being

called an unprecedented job revolution with serious implications for publishers around the world. The implications are just as serious for students and those responsible for their teaching.

Just twenty-five years ago the mathematical logic section of a computer used by the USA and Canada's NORAD to warn of invading bombers occupied a space equal to an average living room. Today an electronic chip the size of a pat of butter does more.

At the University of Waterloo, courses are already being altered to accommodate a lap-sized computer that weighs nine pounds and is designed to be carried by students from kindergarten to college. This electronic notebook is expected to shrink to the size of a calculator in just a few years.

Experts who closely follow such events say we are rapidly moving from an industrial economy to a service economy, from the mechanical age to the information age. The 5,000 print workers in England are a symptom of that change. So too are the 100,000 factory workers who lost jobs in Detroit over the past three years and the 2,500 in Windsor.

We could be forgiven for thinking news like that is a world away from the classrooms of Haliburton County and the few thousand students they hold for ten months of each year. Forgiven perhaps, but wrong all the same. If our children are to have only an equal opportunity for tomorrow's jobs, computers must become as normal a part of their education as English classes, Friday night dances and detention hall.

Where computers fit within the extremes of those examples will be determined by individual students. The Board committee is right to say, however, that the opportunity must be available to them.

Notes and Quotes: "Municipalities put a mistaken emphasis on the price of coverage rather than the quality of the insurance that the coverage is with. In that respect, they are partially authors of their own misfortune."

The quote is from Mr. Roy Elms, executive vice-president of the Toronto based Royal Insurance Company of Canada. Mr. Elms has been reported to say that municipalities and school boards who tendered their insurance needs in order to get the lowest price are now suffering the consequences. He feels insurance companies are more sympathetic to customers who have stayed with them rather than shop around for the best rates.

According to that logic, three years ago, Anson, Hindon and Minden Townships should have stuck with their previous insurer. Instead, council of the day chose a reputable competitor and saved thousands of dollars for an equivalent policy.

It is disheartening to hear opinions like Mr. Elms'. He challenges the very foundation of a free market system and only encourages those who urge Queen's Park to follow British Columbia's lead. That province has jumped into the insurance business and now effectively competes with private underwriters by using their own taxes against them.

Haliburton celebrates carnival spirit

The community of Haliburton threw off the winter doldrums over the weekend as they celebrated three days of fun during the annual Winter Carnival.

Residents of the area and visitors took part in a myriad of activities designed to keep participants and spectators alike, busy throughout the weekend.

The carnival got underway Friday afternoon with free family skating and a chili supper at the Dysart Arena. At 6 p.m. curling enthusiasts took to the ice to begin the PineStone curling Bonspiel at the Haliburton Curling Club. In all, 22 teams took part in the two day event.

At 7 p.m., the members of the Rotary Club, organizers of the Carnival, faced off against the Dysart et al volunteer fire department in a friendly game of broomball. The referees were former NHL stars Walt McKechnie and Ron Stackhouse. They kept the action under control as the firefighters swept their way to a 2-1 win before a large and enthusiastic crowd.

A competition of a more serious nature followed the broomball tournament at the arena.

The Haliburton Bantam Huskies played host to Beaverton as the two teams continued their best of five OMHA playoff series. The hometown fans had plenty to cheer about when the Huskies clinched a 5-4 win in an exciting, fast-paced contest.

Friday's activities ended with a teen dance that featured the crowning of the Carnival Queen.

The judges selected Tracy Harrison as the 1986 Queen. The first lady in waiting Kim Elias and her

waiting Kim Elias and the second lady in waiting Helga Myers joined Tracy in

carrying out her official duties throughout the weekend.

Saturday was the busiest day of the carnival featuring numerous events in the village and surrounding area.

While the curlers continued their play, downhill skiing enthusiasts took to the slopes at Sir Sam's dressed in weird and wonderful costumes in the All-Day Skinanigans. For the more proficient downhill athletes, there was the Molestar Race in which competitors matched their time against a standard set by former World Cup holder Steve Podborski.

There were a few disappointments during the day when the Snowcross races and snow sculpture contest were cancelled due to a lack of participants.

Nevertheless local snowmobilers were able to practice their racing techniques on the recently constructed track on Walling's Field.

Bed race bedlam

At 12:30, colourfully dressed teams began pushing wheeled slumber buggies down the main street in a fun-filled bed race. The defending champions, The Rotary Club of Haliburton, rolled to a convincing win over the Kawartha Pine Ridge District Health Unit to win the first heat.

The Haliburton Huskies Bantams squeaked out a win over the HHSS Bedlam team in the second heat, but went down to a disappointing loss at the hand and feet of the Rotary Rollers in the final event.

Besides the competitive activities, family groups were able to take part in horse drawn sleigh rides on Head Lake courtesy of Bob Barker and his team, Ted and Mack.

Cross-country skiers of all ages took part in a tour of the Nordic Trail system during the afternoon while throughout the day the woods around Victoria Street School echoed to the laughter of children sliding down the hills on their sleighs, toboggans and crazy carpets.

The Rails' End Gallery offered a warm respite from the chilly winds for those interested in sport memorabilia. Photographs of the Minden Dog Sled Derby, past Haliburton Winter Carnivals and pioneer curlers in the Highlands, were included in the fascinating exhibit entitled "Good Evening Sports Fans." Many prints from the Hockey Hall of Fame and the Sports Hall of Fame, were also on display. Everything from Steve Podborski's racing suit to the stick Phil Esposito used

to score his 500th goal was included in the display.

The large crowd braved the cold at the baseball diamond to watch local lumberjacks test their skills in five separate competitions. The men of the woods were judged on their accuracy in felling a tree and their speed in sawing logs with both chainsaws and traditional cross-cut saws.

Buck Cowen was awarded the G.W. Martin trophy as the top lumberjack, narrowly defeating Ken McKnight.

Saturday evening the winners of the curling bonspiel were awarded their trophies at a supper and dance held at the curling club. The foursome of Steve Colliver, Sandra Oakley, Kirk Harrison and Monique Colliver captured first place in the event which has been sponsored by the PineStone Inn for the past few years.

This was the fourth year the Elliot Lake rink has won the bonspiel. The Tolley Vosniak rink of Whitney captured second overall and the Haliburton foursome of Bob MacNaull, Ann MacNaull, Scott Arbuthnot and Marla MacNaull placed third among the three game winners.

Saturday's full slate of events ended with a Gala Carnival Dance at the Royal Canadian Legion.

On Sunday afternoon the PineStone Inn hosted the Beaconbrook Hotel in a game of Snowshoe Baseball. The Inn's employees enjoyed home field advantage and as a result, were able to overwhelm the visiting team with a 19-18 victory.

While the boys and girls of winter were rounding the bases at PineStone, over 80 skiers took part in the Curry Motors Giant Slalom at Sir

Sam's Inn ski area.

Scott MacNab captured the Curry Motors trophy with a time of 28.2 seconds. Chris Isburg placed second ahead of Jamie McLeod.

One of the highlights of the weekend took place at the Dysart arena Sunday afternoon when the Haliburton Figure Skating Club presented their annual skating show. Nearly 80 youngsters took part in the colourful extravaganza "Calendar Capers" that celebrated the changing of the seasons in the Highlands.

At 3:30 p.m., a trans-Atlantic telephone call from the Royal Canadian Legion to the Red Lion pub in Deadman's Cross, Bedford, England, signalled the beginning of the fourth annual International Darts Tournament. Following the

(more on page 7)

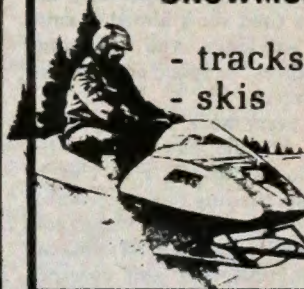

Taking part in many of the activities during the Haliburton Winter Carnival were Carnival Queen Tracy Harrison, right, first lady in waiting Kim Elias, centre and second lady in waiting Helga Myers.

Snowmobile strikes truck

A 25 year old snowmobile driver was transferred by ambulance to Centenary Hospital, Scarborough, after sustaining a broken leg in a collision with a pickup truck in Minden Township on Friday.

According to the Minden detachment of the OPP,

Bradley Neil of West Hill struck the front of a pickup truck driven by Andy Degroot, age 22, of R.R.1, Unionville.

The accident took place on the crest of a hill on a private cottage road about 4 p.m. Two snowmobiles were involved in the collision with the truck when the drivers

were unable to stop their machines after cresting the hill.

Randall Cotter aged 22 of West Hill was uninjured even though his machine struck the snowmobile and the truck.

Damage to the pickup was estimated at \$800 while

damage estimates to the snowmobiles were \$50 and \$75.

The injured youth was transported to Haliburton Hospital before being taken to Scarborough.

The mishap was investigated by Constable Brian Dunham.

Strikes log

A collision with a snow covered log on Hawk Lake in Stanhope Township resulted in \$2000 damage to a snowmobile on Friday morning.

The driver of the machine, Erol Burton, aged 40, of Brantford, was uninjured in the mishap even though he was tossed in the air when the snowmobile struck the hidden log.

The accident was investigated by Corporal Art Goad.

Single car mishap

John and Muriel Codlin of the Minden area received minor injuries when their 1985 Mercury left County Road 2 in Lutterworth Township entered a steep ditch and struck a tree.

The accident, which took place at 3:45 p.m., on Sunday February 16, caused \$5000 damage to the right side and front of the vehicle, according to the OPP.

Constable Bob Wood was the investigating officer.

Novices miss two

The Minden Tri-County Novice team hosted two visiting clubs during the past week and were narrowly defeated in each contest.

On Saturday, February 15, Minden and Oakwood engaged in a see-saw battle that resulted in a 3-2 win for the visitors. Oakwood scored first early in the second period. Andrew Sisson scored the tying goal with 2:30 remaining in the frame, after taking a pass from Damon Smith.

With less than a minute remaining in the period, Oakwood regained the lead on a single goal. At the 19:21 mark of the final frame, Andrew Wilbee scored the equalizer on a pass from John Hewson, but two

minutes later, Oakwood scored again and held off Minden to earn the 3-2 win.

On Tuesday, February 18, Minden fought back from a three goal deficit but were unable to overcome the visiting team from Fenelon Falls who went on to win 5-3. The visiting novices scored once in the opening period and twice in the second frame before Damon Smith scored an unassisted goal at the 1:26 mark of the period.

At the 9:11 mark of the final frame, Andrew Wilbee notched an unassisted marker to pull Minden within one. However, Fenelon Falls scored two quick goals at the 6:59 and

6:48 mark to pull ahead of the host club.

Andrew Sisson added an unassisted goal with 3:19 remaining in the game for the final scoring play.

Jeremy McGee played a strong game in the Minden nets in both games.

The Minden Novice team has two more games

remaining in the regular season.

They begin a home and home series against Oakwood beginning on Tuesday, February 25 in Minden at 6:30 p.m. The final game of the regular season will be played in Oakwood on Thursday, February 27.

their silent vigil on Head Lake. They had been matching wits with a school of wily rainbow trout that had been tagged and released in the lake prior to the carnival. Twelve of the fish were wearing \$25 tags and one carried the \$500 grand prize. But when the Fish Derby ended at 4 p.m., the trout were still free to roam the waterways of their new home.

Seniors host bonspiel

by Ed Pettinger

The Minden Senior Curling Club was host for the annual bonspiel sponsored by Easton Valu-Mart Minden and manager Bill Kulas who supplied those delicious beef roasts and T-bone steaks for the prize winning rinks.

Bonspiel chairman Jim Holmes had no difficulty in lining up 16 rinks for this popular 'spiel and our visitors displayed the usual competitive spirit that indicated they were going to curl their best.

We had excellent representation from Bobcaygeon, Campbellford, Haliburton, Peterborough, Wilberforce, Woodville and local Minden rinks. The competitive spirit and congeniality was very much in evidence in both the 9 a.m. and 11 a.m. draws as each rink, at the flip of the coin, in good sportsman-ship style, set their sights in a "Win position". Need we add that there was a fine display of good curling throughout the 'spiel and each skip and his rink worked hard to capture those "meaty" prizes.

There were many close scores, but few tie-breakers, and after the last stone was delivered and the final measure made in the house, it was a pleasure to announce the overall high point winner was a Bobcaygeon rink skipped by Bruce Oliver, ably assisted by Ken Cameron, Stew Cowan and Glen Small. They were the recipients of four beautiful roasts of beef donated by Valu-Mart and presented by manager Bill Kulas.

The second high point winner (by one quarter of a point) was a Haliburton rink skipped by Ed Pickard, well supported by Nick Nimigon, Roy Nicholls and Doug

Sealey who each received two T-bone steaks and again presented by Bill Kulas.

The third winner was a Minden foursome skipped by Milt Endicott, vice-skip George Dickie, second Ed Pettinger and lead Bill Donnelly. This rink also received prizes of 8 T-bone steaks for their efforts.

Chairman Jim Holmes and Ed. Pettinger, rep-

resenting the Minden Senior Club also presented cash awards to the three high point winners and also to the high game winner, namely W.D. Standish and his three stalwart players.

The out of town rinks extended a hearty vote of thanks to the host club for their efforts in organizing this congenial and friendly 'spiel, also thanks to the

Minden ladies who prepared the home-made soup, sandwiches, desserts and beverages. And speaking of beverages, our guests gave a special thank you to Bill Harrison who, as usual, does an excellent job at his bartending. Jim Holmes and Ed Pettinger thanked the visitors for their attendance, the winners for their curling skills and proficiency, their fine sportsmanship and all persons who helped make it a successful and entertaining 'spiel.

Outdoors

(from page 4)

individually numbered band placed carefully on one leg of each. A harmless green dye was then painted on the wing and breast feathers, so that marked birds could be spotted from a distance. Recaptures of marked birds later in the season or in coming years, will help to unravel the mystery of how the "snowbirds" spend their winters.

Snow buntings are largely seed eaters and their winter survival is enhanced by a special treat on occasion - fresh manure. This affinity for natural fertilizer can make bunting banding an odorous job. But to the dedicated volunteers who spend their time banding birds, such occupational hazards are outweighed by the chance to participate in a hobby that is both unique and useful.

Vasey, 'Blowers tied for top in rec. league

Vasey Real Estate and the Rockcliffe Foamblowers are tied for top place for top position in the Minden Men's Recreational League playoffs following victories at Minden arena Monday evening.

The teams share first place with a 2-0 win/loss record after the 'Blowers defeated Hartwick Construction 11-3 and Vasey skated to a 10-4 win over The Times. In the other game played Monday, Hall's Insurance overpowered Home Hardware to clinch an 18-7 win. Hall's is tied with Hartwick for second place with a one and one record while Home and The Times are third with a pair of losses.

Brian Shaw was the powerhouse for Vasey's scoring five goals including two unassisted markers in the 10-4 win over Times. Shaw also added two assists. Other pointgetters were Eldon Bull, an unassisted goal and two assists, Dave Dollo a goal and two assists, Louie Reynolds a goal and an assist, Dan Reid and Randy Anderson with single markers, while assists went to Barry Walker with a pair, Kim Hamilton and Dave Rodgers with singles.

Ross Lindsay took care of goaltending duties for Vasey.

Jim Keetch led The Times attack with a pair of goals. Jerry Campbell with a goal and an assist and Sid MacKeigan with a single

marker rounded out the scoring. Single assists went to Ted Vasey, Barry Shaw and Dave Lee. Terry Crowe was in nets for The Times.

John Barkwell and Ben Manuge shared the scoring honours for Hall's as they led their team to an 18-7 victory over Home. Barkwell scored a double hat trick including two unassisted markers and added six assists. Manuge also notched six goals and contributed two assists. Andy Campbell earned a hat trick, including one unassisted marker and helped out his teammates with seven assists. Other pointgetters included John Fedeski with two goals and an assist, Lawrence Lougheed, a goal and four assists and John McAdam, five assists. Rob Crowe was between the pipes for Hall's.

Dean Hewitt was the top marksman for Home, scoring four goals and picking up two assists. Rick Hartwick contributed two goals and three assists and Royce Miller added a goal and an assist to complete the scoring. Doug Rae and Larry Sawyer were credited with three assists each and goalie Bill Dennison also contributed a single assist.

The regular season's top goal scorer, Dave Brown, continued his strong play as he led the 'Blowers to an 11-3 win over Hartwick.

Brown notched five goals and added two assists to his point total. Other goal

As Home Hardware goalie Bill Dennison deflects a shot, Hall's Insurance forwards John Fedeski, 77, and Andy Campbell, 2, close in for the rebound Monday night at Minden arena. Hall's skated to an 18-7 victory in one of three Minden Men's Recreational League playoff games.

scorers were Joe Giles, two goals and a pair of assists, Dave Pettes two markers and an assist, Bart Hilhorst, a goal and an assist and Al Stender, a single goal. Assists were credited to Dave Crego with a pair and Casey Cox and Merv Mintz with singles. Larry Kent was the winning goalie.

Leigh Bull with a pair of markers and Greg Carpenter with a single, were the

goal scorers for Hartwick. Assists went to Joe Mitchell with a pair and Rick Salmon with a single.

Playoff action resumes with three games at Minden arena on Monday, February 24. Rockcliffe meets Home at 7 p.m. followed by Hartwick and The Times at 8:30 p.m. and Hall's against Vasey's at 10:00 p.m.

There is no admission charge for the games.

Minden Monarch forward Doug Schell, finds himself in the middle of a squeeze play in a game against Omemee on Friday at Minden arena. The Monarchs defeated the visitors 3-2 then completed a three game sweep of the playoff series with a 5-3 victory on Sunday.

On to the semi-finals

The Minden Monarch Juveniles have advanced to the Ontario 'DD' semi-finals after completing a clean sweep of their playoff series against Omemee.

The Monarchs doubled Omemee 8-4 on Wednesday in Omemee then finished off the best of five series with a 3-2 win in Minden on Friday and a 5-3 victory on Sunday at Minden Arena.

In Wednesday's game the close checking first period ended with Omemee ahead by a single point.

The Monarchs broke the game wide open in the second period, scoring four unanswered goals before Omemee bounced back to narrow the margin. Doug Schell began the goal scoring spree on a pass from Lennie Johnston at the 11:36 mark. Scot Hamilton put the Monarchs ahead by one with assists from Barry Boice and Bernie Upton. Gord Wood increased the lead on an unassisted goal a minute later then Barry Boice gave Minden a three goal lead at the 6:08 mark on an assist from Lennie Johnston and Doug Schell.

Omeme captain Tony Wilkens made it 4-2 at the 4:46 mark of the period. Minden added two more goals to take a convincing lead by the end of the period. Barry Boice and Scot Hamilton knocked in their second goals of the game. Bernie Upton assisted on both goals and single assists went to Craig Burk and Scot Hamilton.

The third period was an even-handed affair as the teams traded a pair of goals. Omeme made it 6-3 earlier

in the frame, then Lennie Johnston raised the margin to 7-3 on a pass from Greg Newell.

After the Omeme captain added his third goal Barry Boice completed his own hat trick on a pass from defenceman Greg Newell to round out the scoring.

Kevin Smith was between the pipes for the Monarchs in the opening game of the series.

Referee Rob Armstrong called a total of 36 minutes in penalties; 8 minors to Omeme and 10 minors to the Monarchs.

An exciting valentine
The Valentine's Day match up at the Minden arena was one of the most exciting contests of the season and resulted in narrow 3-2 win for the Monarchs.

The action was non-stop from the opening face off and in spite of the fact that Omeme was playing shorthanded, they were able to keep up to the fast skating Monarchs throughout the game. Goalie Vince Duchene was a standout in nets particularly when he made some difficult stops early in the game.

The teams were locked in a see-saw battle throughout the first period. With just over a minute remaining, Boomer Stamp dumped the puck into the Omeme end. Scot Hamilton out-hustled the Omeme defenceman and passed out front to Barry Boice who snapped a quick shot past the goalie.

With 42 seconds remaining in the first frame, Omeme forward Sean Hibbert beat Vince Duchene

with a blistering shot to even the score. The Monarchs held a slight edge in play through most of the second period and came into their own when forced to kill off a penalty late in the frame. The Monarchs kept Omeme penned up in their own and then Scot Hamilton scored an unassisted marker when Omeme failed to clear the puck.

With only six seconds remaining in the period, Boomer Stamp blasted a hard shot through a tangle of players to give the Monarchs a 3-1 lead.

Omeme managed one more goal late in the third period to narrow the lead to one.

Tension built as the Monarchs found themselves shorthanded in the last minute of play. Omeme pulled their goalie in favour of an extra forward but the Monarchs held on the clinch the win.

Referee Paul King handed out six minors to the Monarchs and a single to Omeme.

Minden victory
Facing elimination Omeme had more players dressed for the game on Sunday at Minden arena but still came up short as the Monarchs earned a 5-3 win to win the best of five series three games to none.

The game was another see-saw battle, until midway through the third frame when the Monarchs pulled ahead by two to earn the win. Daryl Ward opened the scoring at the 8:59 mark of the first frame assisted by

the captain Jeff Howe and Lennie Johnston. Minden held the slim lead until the 12:15 mark of the middle period when Omeme captain Tony Wilkens put one past goalie Kevin Smith.

With only 5 seconds remaining in the period, Barry Boice put Minden up by a single goal while the teams were playing four aside. Jeff Howe picked up his second assist on the play.

Omeme tied the score early in the final frame but Barry Boice notching his second marker of the game to put the Monarchs up by one on a pass from Bernie Upton and Boomer Stamp. Less than a minute later the Omeme captain scored his third goal of the game to tie the score but 13 seconds later, Boomer Stamp made it 4-3 for the Monarchs, assisted by Jeff Howe and Lennie Johnston. Scot Hamilton beat Omeme goalie John Finn with 3:21 remaining on a pass from Bernie Upton to clinch the game and the series for the Monarchs.

Kevin Smith played a superb game in nets; his second contest in four days.

Referee Brian Hunt assessed the Monarchs four minor penalties and handed the visitors seven misdemeanors.

The Monarchs will be facing either teams from Godfrey or Frankford in the Ontario Semi-finals. Godfrey who hold a 1-0 lead in the best of three quarter final series is favoured to win. The first game of the semi-finals will begin no earlier than Wednesday, February 26.

Class attends council session

The grade 4A class at Archie Stouffer Elementary School continues its investigation into the operation of municipal government. Most recently, under the direction of Mrs. Bernie Davis, the class visited a meeting of the Anson, Hindon and Minden municipal council. These reports, prepared by the students, offer an interesting insight into the workings of the local council.

On Tuesday, February 11, 1986, my class went to a municipal council meeting. The reeve and deputy reeve were Sinc Nesbitt and Bern Berry. The councillors were Verne Graham, Bob Sisson and Royce Miller.

There is a reporter for the Minden Times named Michael Shirley.

The Bylaw Enforcement Officer is Dick Schell. He talked about new street signs and wishes to change the sign on Bobcaygeon Road to Main Street.

Bev Millar is the clerk-treasurer. Her job is to read the minutes of the meetings. The minutes are the discussions and comments made by the council. Bev also takes care of all the money for the township.

At 10:00 a.m. Jean Lacey talked about the building standards of the Minden Museum. She requested funding for insulation, a burglar alarm and a telephone system.

After the speech, Gerry Durant petitioned the council for the removal of the ATC tracks. The council

will try as hard as they can to move it.

I felt like an adult.

Simon Reid
Mrs. Davis, 4A.

On Tuesday February 11, grade 4A went to the Municipal meeting in Minden. It seemed to take a long time to get there because we walked. When we arrived, we had to wait our turn. The council was in

the room.

Then we went in and sat in pews. It was exciting and it made me feel like an adult. The secretary of the Minden Library got up and had a speech about the annual budget. Then our Reeve, Sinc Nesbitt asked who was delegated to read the letter about the ATC track. The delegate stood up and read a letter of complaint from the people who live on North Water Street. They said it was too noisy and dusty. One man even brought a tape recording of the noise pollution.

In my opinion, perhaps the delegate could have shown more manners in

front of we children. After this an argument started which seemed silly to me, but it was quite serious to them.

After this, some of the business things were voted on. Then Dick Schell, the Bylaw Enforcer got up and read a report about the signs on the Bobcaygeon Road. After this, the reeve said it was time for a break.

It was time for my class to leave and go back to the school. We all went up to his desk and said thank you as he gave us a pin that said Anson, Hindon and Minden.

Tammy Howard

Aged 10

Reeve Sinc Nesbitt presents Anson, Hindon and Minden pins to students from the 4A class at Archie Stouffer Elementary School.

Teachers review curriculum changes

submitted

On February 6 and 7, the teachers of Haliburton County held Professional Development activities at the J. Douglas Hodgson Elementary School in Haliburton. The theme was curriculum issues. The conference opened with a keynote address by Peter Lorimer and Dr. Jeff Sherman from the Thistle-town Regional Centre and the University of Toronto on the topic Avoid the Criticism Trap: Catch a Kid Doing Something Good. Lorimer and Sherman emphasized positive approaches to classroom discipline and their message was well received by those present.

The meeting then broke into small groups to attend seminars on curriculum relating topics. Twenty guest speakers were involved in delivering these sessions over the two days. Speakers came from the Ministry of Education, neighbouring boards of education, local organizations and our own board. Several sessions dealt with new curriculum documents being issued by the Ministry of Education in connection with OS:IS. Since all courses from Grade 7-12 are affected by these new

documents, it was important that the teachers of these grades have the information as soon as possible.

On Thursday, February 6, a group of teachers visited the Frost Centre at Dorset to attend a seminar on a program called Project Wild which is an outdoor education experience available to students in Ontario. Everyone returned impressed by the quality of the program. Many expressed the feeling that we are extremely fortunate to have a facility like the Frost Centre available to us in this area.

At noon on Friday, February 7, the group moved to the Legion for lunch followed by an address by the Director of Education for Haliburton County, Mr. Stuart Baker. Mr. Baker reviewed present changes taking place in curriculum. He particularly noted the changes that have occurred because of Bill 82, the legislation that brought special education to the school system and OS:IS, the new system that is presently being phased in and is affecting curriculum in Grades 7-12.

Mr. Baker pointed out that the new thrust is toward "transactional" curriculum where both the teacher and the learner share the teaching-learning process in

the classroom. He pointed out that this is a change from the traditional "transmission" approach to classroom teaching where the teacher simply transmitted information to a passive group of learners. Mr. Baker also stressed that our schools must offer education for everyone, not just the university or

community-college bound students.

In this regard, he pointed to the importance of co-operative education where a student can acquire credits toward a diploma while working in the community.

The day ended with a thank you to all involved with the organization of the conference.

**NOTICE
(File 15-85)**

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed By-law of
the Corporation of the Townships of Anson,
Hindon and Minden to stop up, close and
convey to the adjoining landowners portions
of the original allowance for road along the
shore of Mountain Lake lying in front of Lot 5,
Concession 8, in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to
Section 301 (1) (a) of the Municipal Act, R.S.O.
1980; as amended, that the Council of the
Corporation of the Townships of Anson,
Hindon and Minden proposes to consider and,
if deemed advisable, to pass at its regular
meeting to be held in the Municipal Council
Chambers on Milne Street, Minden, Ontario,
on Tuesday, March 11, 1986, at the hour 10:00
a.m., a By-law to stop up, close and convey
those parcels of land more particularly
described as follows:

Parts of the original allowance for road along
the shore of Mountain Lake in front of Lot 5,
Concession 8, in the Township of Minden, in
the County of Haliburton, designated as Parts
1 and 2 on a plan of survey deposited in the
Registry Office for the Registry Division of
Haliburton as Number 19R-3464. A copy of
the plan of survey is available for examination
at the Municipal Offices during regular
office hours.

AND FURTHER TAKE NOTICE that before
passing the said By-law at the meeting to be
held at the time and place above-mentioned,
the Council shall then and there hear in person
or by his or her counsel, solicitor or agent, any
person who claims that his or her land will be
prejudicially affected by the said By-law and
who applies to be heard.

DATED at the Township of Minden this 3rd
day of February, 1986.

around the county town

by Jeanne Sears. Call 286-1538

We were at the meeting regarding the billing on the sewers. There was a good crowd there and after the presentation, the questions brought out some solutions, but I don't think the bills will go down this year. We will have to wait and see.

Lorna and Les Hogg recently visited the Keith Kernohan family of Toronto.

Sincere sympathy goes to the family and friends of the late Donald Williams, Mrs. Flora Walling and Mrs. Olive Jemmett (Mother of Mrs. Ross Warburton.)

There will be movies for children at the Library Common Room this Saturday at 2:30 so plan to have your youngsters there. Admission is, as always, free.

All good wishes to Susan Payne who is much improved after being in bed last week at her home.

Winners at last Thursday afternoon euchre games at St. Paul's Parish hall included, lone hands Sid Rowe, others, Flo Dollo, Betty Harper, Johann Beattie and Bill Ingram.

The community sends special good wishes to Kathryn Daniel at Hyland Crest who is celebrating being 101 years young this

week.

Annie Kernohan and granddaughter Susan report having a fine holiday in Orlando, Florida.

Carol and Chris Miles (former residents) have bought a restaurant in Minesing and Pat Lichty is over there helping them for a couple of weeks.

Beth Titus and Carolann and Robbie of Orillia visited with relatives over the weekend. Congratulations to Carolann on her 13th birthday.

At the euchre games last Thursday afternoon, Gladys Wruth presented a gift to Cora Hewitt, a great worker for the Anglican Church, as Mrs. Hewitt is moving to Elmvalle.

We understand that you may order a delicious Easter Egg for that special person if you phone Linda (ACW) at 286-1817. Do it soon as these take a good deal of time to make - I've tried it!

From the form letter we got from the Drop-In Centre at Haliburton across from Emmerson Lumber, there are card games at little cost. Every week at 1:15 they have Bridge on Mondays, Euchre on Wednesdays and Cribbage on Fridays.

Chris Gartshore of Orillia visited his father Arnold

Gartshore on the weekend.

The Foot Clinic at the Library Cultural Centre is the first Friday of every month however you need an appointment. To get one, call 457-1391.

We have had several calls regarding the Minden Library hours and they are Monday to Saturday 3:00 p.m. to 5:00 p.m. and Tuesday, Thursday and Friday evenings from 7:30 to

9:00 p.m.

This verse may help you.

Let us be content to work
To do the things we can,
And not presume
To fret because it's little.

E.B. Browning

The Anglican Church Thrift Shop will be open this Friday and Saturday from 1:30 p.m. to 4:00 pm. beside the health food store.

There have been some

Branch 129 news

by Gerald Irish

It's that time of year again when Zone and District held meetings and seminars. On Sunday, February 9, nine members of Branch 129 attended a district seminar on Leadership in Lindsay.

Last Sunday, seven members attended the zone council meeting in Fenelon Falls. The zone convention will be held in Beaverton on March 2 and the District convention in Peterborough in April. It sure looks like a busy time.

Congratulations to Gwen Cox, Doris McColl, Faye McKay and Ruby Mighton. On Saturday, February 8, these ladies travelled to Kilmount, participated in the Ladies Auxiliary Zone Dart Tournament and came home as Zone Champions. With this victory comes the honour of hosting the Zone Dart tournament at our branch next year.

While we are on the topic of darts, we may have lost the International Dart tournament to England (5 games for England, 2 games for us), but everyone who attended this event had a fantastic time. Congratulations to all our players Bernie Bain, Jack Briggs, Pat Wilson, Jack Morrison and Reg Crockett, with special mention to our two winners, Chris Briggs and Les Smith. Thanks must also go to Reg and Olive Crockett for organizing this annual event.

For those of you who missed the Yorkshire Lad when he was here, don't worry. He has been booked at your Legion for a return engagement on Saturday, September 13. This is the earliest date we could book this very popular entertainer.

Tickets are now on sale for the Mac Wiseman concert on March 22 at the legion hall. Mac will be joined by the popular group from the Tommy Hunter Show, Whiskey Jack. Advance tickets are \$7.00 at the door \$8.00. Get your tickets soon as we have a limited number available and already have sold many of them.

Mac Wiseman's concert is by way of an introduction to the Legion-sponsored Bluegrass Festival to be held here on August 8, 9 and 10. All the chairmen for Bluegrass committees have been selected. Now we need you. Please volunteer to help us. This could be the event to finally put Haliburton on the map.

Here is the line-up of artistes appearing at our Bluegrass Festival: The Boys from Indiana, Family Pride, Ralph Carlson and Bytown Bluegrass, Blue Mule, McDonald Bluegrass, White Water Bluegrass and Beaver River Bluegrass. The shows on Friday, Saturday and Sunday will be emceed by Bob Wood and Jim Higgins, two of the finest Bluegrass M.C's.

We are now in the process of preparing ads and information flyers for the Bluegrass Festival. If you want these, call Jim at the legion (457-2571) and he'll put you on our mailing list.

Wednesday, February 19, 1986

changes in one side of town. The John Hewitt home has been sold to the Doug Ripleys and Cozy Cabins were sold to the Jim Burkes.

Don't forget the special Rotary CHICKEN Bingo on Tuesday, February 25 at the recreation centre.

Our Father knows best for us, so why should we complain,
We always want the sunshine but He knows there must be rain
We love the sound of laughter and the merriment of cheer
But our hearts would lose their tenderness if we never shed a tear

Our Father tests us often with suffering and with sorrow
He tests us not to punish but to help us meet tomorrow
For growing trees are strengthened when they withstand the storm
And the sharp cut of the chisel gives the marble grace and form

God never hurts us needlessly and he never wastes our pain
For every loss He sends to us is followed by rich gain
And when we count the blessings that God has so freely sent
We will find no cause for murmuring and no time to lament.

For Our Father loves his children and to him all things are plain
So he never sends us pleasure when the soul's deep need is pain
Whenever we are troubled and when everything goes wrong
It is just God working in us to make our spirit strong.

Weather looks grim today and we will soon need our shovels. Anyway, days are longer and the sun (when we see it) is much warmer. Keep smiling!

The following poem was submitted by Cliff and Jean Lacey.

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: What person helps bring up a lot of people?

A: An elevator operator.

Q: Who invented the first airplane that didn't fly?

A: The Wright Brothers.

Q: What didn't Adam and Eve have that everyone else had?

A: Parents.

Q: What dance did the Pilgrims do?

A: The Plymouth Rock.

Q: What is a dance for two containers?

A: The Can Can.

"WHERE THE ACTION IS"

senior league

by Edna Cowar.

Dear Readers:

Well, here we are past the middle of February and getting a little more snow, but it can't last too many weeks now.

We had a good week last week. Lots going on but the 'flu is still going in here. Mrs. Marjorie Shuyler and Ruby Lewis both celebrated their birthdays on Tuesday the 11th. Ruby went out to celebrate with her family and Mrs. Shuyler had a dinner at her son's on Sunday for her birthday.

Wednesday evening Earl Cooper and the Scottish dancers came in and we sure enjoyed them. They are wonderful.

Mrs. Wilson had two of her grandchildren over from the school to eat their lunch with her.

Friday evening we had our Annual Formal dinner.

Each resident may ask two guests and Doris and Linda worked very hard decorating and setting up tables. And its a lot of extra work for the kitchen staff. We thank all the staff for the extra time they put in. Everyone seemed to enjoy themselves very much and its so nice for us residents to be able to return some of the hospitality shown us through the year.

Saturday and Sunday we had a movie in the lounge. I didn't see Saturday's as

Marilyn Congdon called and took me up to her Dad's for a couple of hours.

David Stamp is home and doing very well, I'm glad to tell you.

Sunday Dave and Marilyn Congdon came Sunday morning and picked me up and we went in to Lochlin to church, had lunch with Marie and Russell Baker then came back.

Mrs. Lyle's grandson Derek Hewitt and friend called to see her Saturday.

Lisa and Teresa Congdon called on me Sunday afternoon, I was so glad to see them as they work and live in Oshawa and I don't see them very often.

Take care until next week.

Games planning begins

by Bruce Armstrong

George Burns, on his 90th birthday, is reported to have quipped that he doesn't buy green bananas! Well, with the Drop-In Centre facilities again available for both planning and implementation, the Senior Games committee is taking the more optimistic approach and organizing for our 9 games, 6 provincial and 3 local.

Kitchener-Waterloo, for their 'Actifest '86', have selected cribbage, darts, euchre, 5-pin bowling, golf and shuffleboard as well as carpet bowling and snooker (which have drawn little

interest locally) for the 8 provincial final games.

It may be of interest though, to note why two of the most popular ones were omitted: Bridge - two strong factions emerged in committee where half advocated duplicate bridge and all its ramifications and half ordinary tournament bridge. Lawn Bowling - There was simply a shortage of facilities with the local clubs fully booked.

Our community activities will start about May 26 and more information will follow. In the meantime the adherents of the three sedentary games may

continue to practice each week, it's cribbage on Fridays, euchre on Wednesdays and bridge on Mondays, all at 1:15 p.m.

Hopefully many of this paper's readers saw the 12

foot Canadian flag that appeared almost overnight on the right field snowbank of the ball diamond on Carnival weekend. It was Walter Webb who master-minded the project and then

credited it to the Haliburton Seniors. Someone remarked that it was a nice touch as there is little enough patriotism shown in town on Canada's birthday.

Guild news

by Leo Dobrzensky

One of Haliburton County's great assets is the wealth of local artistic talent.

As a result of discussions between the Guild of Fine Arts and the Haliburton County Board of Education, eight artists are now demonstrating their craft in local schools and working with the children and teachers under the direction of individual principals. If successful, the program might be continued next year.

The idea of sharing artistic know-how with students is the brainchild of four dedicated individuals: Joan Hoad, Mary Hastings, Barbara Peel and Mary Wallace, who worked closely together since last October to make it happen.

Participating artists are: Chuck O'Neill, drawing, painting; Kevin Dunlop, marquetry; Sharon Friese-Lawrence, various crafts; Minden residents: Painters Marion Hill and David Risk, Mary Wallace, various crafts; Gloria Carnochan - potter; Gaeleau Valteau - portrait painter.

of Woodville, Edward of
Kinmount and Clifford of
Kinmount, loving grand-
father of Jordon and Tricia
Wilson, brother of David,
Peter and Paul. Resting at
the Gordon A. Monk
Funeral Home, Minden
from 2-4 and 7-9:30 p.m.
Friday. Private family
funeral service on Saturday.
Cremation. Memorial
donations to the Heart &
Stroke Foundation would
be appreciated.

IN MEMORIAM

CORBY, Thern In loving
memory of a dear mother
who passed away February
20, 1985.
Sad was the parting, no one
can tell,
So sudden on earth the
sorrow fell,
The blow was hard, the
shock severe,
To part with one we loved so
dear.
Dearest still as years depart
Her memory lives within our
hearts.
Sadly missed by daughter
Mary, son in law Lavern and
grandchildren.
